NO FEDERAL GOVERNMENT OBLIGATION TO THIRD PARTIES

(1) The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(2) The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

31 U.S.C. 3801 et seq.
49 CFR Part 31 18 U.S.C. 1001
49 U.S.C. 5307

These requirements flow down to contractors and subcontractors who make, present, or submit covered claims and statements. These requirements have no specified language, so FTA proffers the following language. (1) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § § 3801 etseq .and U.S. DOT regulations, “Program Fraud Civil Remedies,” 49 C.F.R. Part

31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

(2) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

(3) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

SECTION 39. DISPUTES, BREACHES, DEFAULTS AND LITIGATION

FTA Master Agreement (28) 2/9/2021

- (a) *FTA Interest.* FTA has a vested interest in the settlement of any violation of federal law, regulation, or requirement, or any disagreement involving the award, the accompanying Underlying Agreement, and any Amendments thereto including, but not limited to, a default, breach, major dispute, or litigation, and FTA reserves the right to concur in any settlement or compromise.
- (b) *Notification to FTA; Flow Down Requirement.* If a current or prospective legal matter that may affect the Federal Government emerges, the BAT will promptly notify the FTA Chief Counsel and FTA Regional Counsel for the Region in which the Recipient is located. The notification requirement flows down to all Third Party Agreements and requires each Third Party Participant to include an equivalent provision in its sub-agreements at every tier, for any agreement that is a “covered transaction” according to 2CFR Sections 180.220 and 1200.220.
- (1) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.
- (2) Matters that may affect the Federal Government include, but are not limited to, the Federal Government’s Interests in the Award, the accompanying Underlying Agreement, and any Amendments thereto, or the Federal Government’s administration or enforcement of federal laws, regulations and requirements.
- (3) *Additional Notice to U.S. DOT Inspector General.* The BAT will promptly notify the U.S. DOT Inspector General in addition to the FTA Chief Counsel or

Regional Counsel for the Region in which the Recipient is located, if the Recipient has knowledge of potential fraud, waste, or abuse occurring on a Project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the False Claims Act, 31 U.S.C. Section 3729, et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bid rigging, misappropriation or embezzlement, bribery, gratuity, or similar misconduct involving federal assistance. This responsibility occurs whether the Project is subject to this Agreement or another agreement between the Recipient and FTA, or Third Party Participant of the Recipient. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a Federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Recipient. In this paragraph, “promptly” means to refer information without delay and without change. This notification provision applies to all divisions of the Recipient, including divisions tasked with law enforcement or investigatory functions.

- (c) *Federal Interest in Recovery.* The Federal Government retains the right to a proportionate share of any proceeds recovered from any third party, based on the percentage of the federal share for the Underlying Agreement. Notwithstanding the preceding sentence, the Recipient may return all liquidated damages it receives to its Award Budget for its Underlying Agreement rather than return the federal share of those liquidated damages to the Federal Government, provided that the Recipient receives FTA’s prior written concurrence.
- (d) *Enforcement.* The Recipient must pursue its legal rights and remedies available under any third party agreement or any federal, state, or local law or regulation.

- (b) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

ACCESS TO RECORDS AND REPORTS

49 U.S.C. 5325

18 CFR 18.36 (i)

49 CFR 633.17

The Contractor agrees to maintain all books, records, accounts and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Contractor agrees to maintain same until BAT, Commonwealth of Massachusetts, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i) (11). The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

FEDERAL CHANGES

The Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the [Master Agreement](#) between the Purchaser and FTA, as they may be

amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

TERMINATION

FTA Circular 4220.1F

M.G.L. Chapter 161B, Section 6(f)

Applicable to all contracts in excess of \$10,000.

If the solicitation documents contain termination language that conflicts with the following, the terms contained in the solicitation documents shall prevail.

a. Termination for Convenience (General Provision) BAT may terminate this contract, in whole or in part with written notice to the Contractor when it is in the best interest of the government to do so. The Contractor shall be paid its costs, including contract closeout costs, and profit on all work performed up to the time of termination. The contractor will be paid for all work performed up to the time of termination. The contractor shall promptly submit its termination claim to BAT. If the Contractor has any property in its possession belonging to BAT, the Contractor will account for the same, and dispose of it in the manner BAT directs.

b. Termination for Default [Breach or Cause] (General Provision) If the Contractor does not deliver in accordance with the contract and fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, BAT may terminate this contract for default. Termination shall be effected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by BAT that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, BAT, may treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) BAT in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to BAT satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract by the next delivery date regarding any technical specification of this procurement or after five business days from the date of written notice from BAT setting forth the nature of said breach or default pertaining to general contractual terms or conditions, BAT shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude BAT from also pursuing all available remedies against Contractor and its sureties for said breach or default including financial remuneration for any increases in product. BAT also reserves the right to purchase on the open market or award to the next lowest Bidder and use any differential in price in determining its fair and reasonable claim for financial restitution.

d. Waiver of Remedies for any Breach In the event that BAT elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by BAT shall not limit BAT remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

e. MGL c161B, Section 6(f) Contracts for longer than one year are subject to annual renewal or annual cancellation by the authority for just cause or lack of sufficient appropriation. Such agreements may provide for payment for services rendered, but not more than will permit any private company a reasonable return.

Each subcontract the contractor signs with a subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).
The successful Bidder/offeror will be required to report its DBE participation obtained through race-neutral means throughout the period of performance.
